

Notice to members

Disability benefit disputes with your Employer

The Trustees of the TW-ELHP wish to advise members if they are having problems with sick benefit claims or denied benefits by their Employer to please contact their local union representative or business agent not the TW-ELHP administration office.

The Union office handles all grievances and disputes with your employer including employer benefits.

The Trustees are available and will address issues and disputes over the payment of benefits from the TW-ELHP.

Thank you
