

IMPORANT MESSAGE – Contribution Rate Increase for Temporary Employees

The Trustees of the Telecommunication Workers Benefit Plan recently reviewed the current contribution rate and the historical claims experience for Short Term Disability, Life Insurance and Survivor Income Benefit (SIB).

The review has shown that year after year the claims experience has been worsening for PART B - Life Insurance and Survivor Income Benefits due to increased death claims and that the current contribution rate is no longer sufficient.

Please be advised the current contribution rate of 1% for Temporary Employees will be increased to 1.2% effective October 27, 2013 and will be reflected on your TELUS payroll cheque.

Should you have any questions please do not hesitate to contact us.
